1.2 Rules of Interpretation.

1.2.1 If a term is defined as one part of speech (e.g., as a noun), it also has a corresponding meaning when used as a different part of speech (e.g., a verb). Unless the context of this Agreement clearly requires otherwise, words using the masculine gender also include the feminine and neuter genders, and vice versa. The words “includes” or “including” mean “includes without limitation” or “including without limitation,” the words “hereof,” “hereby,” “herein,” “hereunder,” and the like, when used in this Agreement, refer to this Agreement as a whole and not to any particular Section or Article in which the words appear, and any reference to a Law includes any rules and regulations promulgated thereunder and refers to such Law, rules, and regulations as in effect on the date hereof unless otherwise indicated. Currency amounts are stated in U.S. Dollars.

1.2.2 Whenever this Agreement refers to a number of days, such number refers to calendar days unless Business Days are specified. Whenever any action must be taken hereunder on or by a day that is not a Business Day, then such action may validly be taken or done on the next day that is a Business Day.

1.2.3 This Agreement is intended to be read as a whole in order to give full force and effect to its provisions, and to be interpreted as a single comprehensive whole in light of, and in order to achieve, the purposes of this Agreement. The specific is intended to control the general, but the general is intended to illustrate the purpose of the specific.

1.2.4 Each Party acknowledges that it and its attorneys have been given an equal opportunity to negotiate the terms and conditions of this Agreement and that any rule of construction to the effect that ambiguities are to be resolved against the drafting Party or any similar rule operating against the drafter of an agreement is not applicable to the construction or interpretation of this Agreement.

1.2.5 The headings in this Agreement are included for ease of reference, and are not to be used for the purposes of interpretation of this Agreement.

1.3 Severability. This Agreement is to be presumed severable. If any provision of the Agreement, or the application of any provision hereof to a particular entity or circumstance, shall be held to be invalid or unenforceable by a court of competent jurisdiction, the remaining provisions of the Agreement shall not be affected and all other terms and conditions of the Agreement shall be valid and enforceable to the fullest extent permitted by law.

Article II – Term

2.1 Term. This Agreement shall be effective for a term commencing on the Effective Date and shall terminate as to each Data Center (but not in its entirety) twenty (20) years after such Data Center becomes operational, unless otherwise provided herein.

2.2 Change of Circumstances. The provisions of Article VI of this Agreement are dependent on continuation of the following current general practices: (a) classification of land and buildings affixed thereto as real estate, subject to valuation and levy as real estate; (b) classification of Data Center equipment as business personal property segregated for local assessment and levy under to Chapter 35 of Title 58.1 of the Code, without exemption. In the event that these provisions of law change substantially, the Parties agree to negotiate, in good faith, to reach a mutually agreeable amendment to the provisions of this Agreement in order to address such changes in law.

Article III – Incentives

3.1 Land Purchase. The Authority agrees to convey the Property to the Company for the discounted price of \$45,000 per acre, as provided in the separate Real Estate Option Agreement, or an anticipated purchase price of approximately \$14,064,885, as adjusted pursuant to the Real Estate Option Agreement.

3.2 Permitting. The County shall provide expedited permitting for the Facility and each Data Center, encompassing all County permits and approvals for the Facility and each Data Center, including but not limited to (i) site development permits (e.g., site plans, grading permits), (ii) building permits (including, without limitation, building plan review and approval, electrical permits, fire suppression system permits), (iii) environmental permits (e.g., stormwater management and erosion and sediment control permits), (iv) special exception permits or zoning ordinance amendments (including, without limitation, any required zoning changes or special exception permits required for the operation of the Facility and each Data Center), (v) operational permits (e.g., certificate of occupancy), and (vi) any other permits required for the Facility and each Data Center. All permit review will commence not later than five business days following initial submission.

The Company shall also be eligible to participate in the Botetourt County Third Party Inspection Program, in which a company seeking expedited issuance of building permits and operational permits and related inspections contracts with a private firm qualified by the County to undertake expedited inspections and review under the oversight and direction of the County Building Official.

The Company recognizes and understands that neither the County nor the Authority can pre-commit to approval of any permit, nor to take (or forbear to take) any legislative act, such as a rezoning or issuance of a special exception permit. Further, the Company recognizes that the County can only control those permits under its regulatory control. Some permits, for instance site plans and subdivision plats, may only be partially under County control, and the County's expedited action on them may be contingent upon prompt and expeditious action by third parties such as the Virginia Department of Transportation and public utility providers; provided that the County agrees to use best efforts to coordinate the prompt and expeditious action by such third parties. Notwithstanding this, the County commits to make all reasonable efforts to expedite permitting.

Article IV – Performance Commitments

4.1 Capital Investment. The Company shall make a Capital Investment of not less than One Billion Dollars (\$1,000,000,000.00) in development of each Data Center on the Property.

4.2 Jobs. The Company shall create not fewer than fifty (50) new full-time jobs at a median salary of at least \$86,000 per year for each Data Center on the Property, which was calculated by taking one and one-half times \$57,257 (the prevailing average annual wage in the Botetourt County).

4.3 No Obligation to Develop. The Parties reasonably expect construction on the first Data Center to commence in calendar year 2026, and for the first Data Center structure to be complete and fit for use and occupancy during calendar year 2028. However, the Parties recognize that the Company may delay, or choose not to, develop a Data Center on the Property. In the event that the first Data Center has not been substantially completed and fit for use and occupancy by Company prior to five (5) years from the Effective Date, the essential purposes of this Agreement shall be deemed frustrated and this Agreement shall terminate; provided, however, for an abundance of clarity, the County will not be required to return any Community Investments made by the Company prior to the date of the termination.

Two payments of \$150,000 per year, beginning on August 1, 2026, and ending with a final payment not later than August 1, 2027, for the purpose of acquiring Heart Monitors for the County Department of Fire and Emergency Medical Services, which shall be construed to include volunteer rescue squads and fire companies affiliated with and recognized by the County as part of its integrated emergency response system.

acquisition of personal property relating to Axon body camera and less-than-lethal weapons for the Botetourt County Sheriff.

- f. The Company shall also invest \$1.00 per square foot of each Data Center constructed by the Company or its Affiliates in Botetourt County, Virginia. The voluntary investment is for the purpose of bolstering the County Fire/EMS services. The investments shall take place in concurrence with the issuance of the Building Permit for any Data Center on the Property.

- 5.1.1 The Company may, in writing, authorize the Authority to use, or permit the use, of funds provided under this Section for other, related purposes in writing without need of a formal amendment to this Agreement.

5.2 Agreed Use of Proceeds of Sale of Property. The Authority may hold and use the proceeds of the sale of the Property to the Company as follows:

- a. Purchase of two vehicles for the County Sheriff during fiscal year 2026, including customary outfitting, anticipated to total approximately \$162,966.

- h. Payment for capital projects designated by the County School Board, to commence no later than fiscal year 2026, anticipated to total \$2,000,000. The Parties recognize that these funds may need to be reappropriated to the Schools over multiple fiscal years.
- i. Payment for capital projects related to the County Historical Museum, anticipated to total \$500,000.

- j. Payment for renovations and/or expansion of the Buchanan Library, a part of the County library system, to commence no later than fiscal year 2028, anticipated to total \$3,500,000.

- l. Upgrades to software, vehicles and other capital expenses of the County Department of Community Development, anticipated to total \$400,000.

- n. Any additional funds shall be considered contingency, and the Authority and the County may allocate them to any of the foregoing projects that run over budget.

5.2.1 In the event that any of the foregoing projects becomes impractical or is accomplished for less than the above-stated amount, the Authority may reallocate such funds to other projects set forth above, or to projects related to or similar to the projects enumerated above provided such projects benefit the community and are to assist the Company's long-term goals of adding value to Botetourt County, Virginia and not adding value for a private party or future development by a private party.

5.2.2 Any interest on funds held by the Authority shall be allocated to the Small Business/Entrepreneurship Program set forth in subsection k above.

5.3 Transfer and Timelines. The Authority may transfer funds to County-affiliated entities, including but not limited to County departments, the County school division, and County constitutional officers as defined in Article VII Section 4 of the Virginia Constitution of 1971, in order to carry out the purposes of this Article. Funds must be committed, as that term is used in generally accepted principles of government accounting to the relevant purpose within two fiscal years after the Company provides them to the Authority, unless otherwise specifically provided by this Article.

Article VI – Grants

6.1 Not a Tax Exemption. The Company shall, in all events, be required to pay all taxes lawfully assessed and collected by the Botetourt County Commissioner of the Revenue and Treasurer. Normal tax assessment and collections processes shall not be integrated with this Agreement in any manner.

6.2 Grant. In the event that, for any year, the Tax Rate is more than \$2.40 per \$100 of value less Depreciation, as prescribed on the appropriate Botetourt County Commissioner of Revenue Business Tangible Property return form, then the County shall pay to the Authority a sum equal to the amount by which the taxes paid by the Company exceed the amount the Company would have paid if the Tax Rate had been \$2.40 per \$100. The Authority shall then pay such sum to the Company as a performance grant in consideration of its commitments made under this Agreement.

6.3 Mechanics of Grant. In the event that a grant is determined to be due under section 6.2, the following shall be the mechanics of such rebate:

6.3.1 The Parties recognize that the Company must report its personal property to the County Commissioner of the Revenue not later than April 15 of each year as provided by Section 23-338 of the Code of Botetourt County, Virginia of 1985, as amended (the "County Code"), that Board of Supervisors of the County must set the annual personal property levy not later than June 30 of each year pursuant to Section 58.1-3001 of the Code, and that County tax bills are normally sent to taxpayers on or about September 1 of each year. Pursuant to Section 23-339 of the County Code, the due date for all tax payments is November 1 of each year.

6.3.2 The Company shall provide its initial tax return filed with the County Commissioner of the Revenue to the Authority promptly after providing it to the County Commissioner of the Revenue, showing the depreciated value of the personal property of the Facility as directed by the Commissioner of the Revenue. The Company shall segregate the tax returns by Data Center structure so as to provide the Authority the information necessary to comply with Section 2.1 of this Agreement. Any such information shall be treated as Confidential Information as provided in Section 9.4 of this Agreement.

6.3.3 In the event of a change causing a grant to be payable under Section 6.4, the Authority shall calculate the amount to be paid to it by the County, if any, not later than November 1 of each year and provide its calculation to the County and the Company. Unless delayed as provided in Sections 6.3.4 or 6.3.5 of this Agreement, such amount shall be due and payable to the Authority not later than January 31. The Authority shall then make payment to the Company not later than May 1. In the event of a dispute regarding a grant under this Article of litigation regarding the Company's tax assessment, the undisputed portion of the grant shall be paid at the time provided in this subsection.

6.3.4 In the event that the Company or the County disputes the calculation of the grant under this Article, it shall provide notice to the Authority within 30 days after receipt of the calculation by the Authority. The Authority shall within 30 days thereafter retain the services of a certified public accountant or firm of certified public accountants (the "CPA") to review the Authority's calculations, and provide the name of such CPA to the County and the Company. If the County or Company has reasonable and good faith objection to the CPA chosen by the Authority, it shall promptly provide notice to the Authority of its object and the reasons for its objection, not later than 14 days following notice of the identity of the CPA. The Authority shall then choose another CPA. This process may be repeated not more than three (3) times, or the calculation made by Authority's third chosen CPA shall be considered approved. The calculation of such CPA carried out in accordance with this Article, once certified by the CPA, shall be conclusive evidence of amount to be paid into the Fund and by whom.

6.3.5 In the event of an extension of the tax due date for the County of either personal property returns, tax payments, or both, as permitted by Section 58.1-3916 of the Code or other provision of law, the dates provided in this Section occurring after such resolution is adopted shall be extended a like time period.

6.3.6 The County shall pay to the Authority \$10,000, which shall increase by 10% every five years during the term of this Agreement, for the purpose of administering the grant.

6.4 Limited Pledge. This Agreement constitutes a limited pledge of the revenues of both the Authority and the County. With respect to each:

6.4.1 THIS AGREEMENT DOES NOT CONSTITUTE A PLEDGE OF THE FULL FAITH, CREDIT AND TAXING POWER OF THE COMMONWEALTH OR ANY POLITICAL SUBDIVISION THEREOF, INCLUDING THE COUNTY. THIS AGREEMENT DOES NOT CONSTITUTE OR EVIDENCE A “DEBT” OF THE COUNTY WITHIN THE MEANING OF ARTICLE X SECTION 10(B) OF THE VIRGINIA CONSTITUTION OF 1971, THE PUBLIC FINANCE ACT OF 1991, OR ANY OTHER PROVISION OF LAW.

6.4.2 THIS AGREEMENT CONSTITUTES A LIMITED PLEDGE OF THE REVENUES OF THE AUTHORITY, AND IS NOT A GENERAL DEBT OF THE AUTHORITY, AS PROVIDED BY SECTION 15.2-4910 OF THE CODE. THE AUTHORITY POSSESSES NO TAXING POWER. In the event of a dispute between the County, the Company, or any third party claiming a lien in the Fund, the Authority, without any liability to the Authority, reserves the right to interplead some or all of the Fund or to place it in escrow with a good and solvent financial institution until such dispute and all appeals are finally resolved and/or dismissed.

6.5 Not a Security; Disclosure Matters. This Agreement is not intended to constitute a “security” or “negotiable instrument” within the meaning of the Securities Act of 1933, the Securities and Exchange Act of 1934, the Uniform Commercial Code, or any other law or regulation. The Parties each intend to treat this Agreement as a loan, and not as a security. No Party has any intention of transferring its right(s), if any, to payment of money to any other person.

6.6 No Warranty as to Tax Consequences. Neither the County, the Authority nor the Company has made any representations to the other(s) with regard to the tax consequences of this Agreement, either under the Internal Revenue Code of 1986, as amended, Virginia law or any other law. Any such representation or warranty, whether oral or written, is disclaimed and is merged into this Agreement.

6.7 True-Up. In the event that the Company corrects its tax returns due to an inadvertent error, and such correction is accepted by the Commissioner of the Revenue, the associated true-up of sums owed under this Agreement shall be calculated into the following year’s Annual Cashflow, without interest.

6.8 Separate and Independent Requirements. The County recognizes and agrees that the community investment requirements of Company in Article V are separate and independent of the County’s and Authority’s requirements under this Article VI.

Article VII – Default and Right to Cure

7.1 Default. The following are Events of Default under this Agreement:

- a. Material Default. Any Party breaches any material term of this Agreement.

7.3 Remedies. Following an uncured Event of Default, the non-defaulting Party may seek any remedy available to it under law or in equity, including, without limitation, money damages; specific performance; or injunctive relief; provided, however, that the County shall only have a right to terminate this Agreement for an uncured monetary Event of Default beyond all applicable notice and cure periods.

7.4 Jurisdiction and Venue. Jurisdiction and venue for any dispute arising from this Agreement shall be in the state courts for Botetourt County, as jurisdiction may lie, or in the United States District Court for the Western District of Virginia, Roanoke Division.

7.5 Non-waiver. No Party's waiver, failure, or delay to enforce or require performance of any term or condition of this Agreement or the waiver of any particular breach of this Agreement extends to that instance only. Such waiver or failure is not and shall not be a waiver of any of the terms or conditions of this Agreement or a waiver of any other breaches of the Agreement by the breaching Party and does not bar a non-breaching Party from requiring the breaching Party to comply with all the terms and conditions of the Agreement and does not bar the any Party from asserting any and all rights and/or remedies it has or might have against the breaching Party under this Agreement or at law or in equity.

7.6 LIMITATION ON LIABILITY. NO PARTY SHALL BE LIABLE FOR ANY LOSS OF PROFIT, LOSS OF BUSINESS, LOSS OF REVENUE, BUSINESS INTERRUPTION, COST OF REPAIR OR REPLACEMENT SERVICES (INCLUDING THE COST OF LABOR AND MATERIALS), OR ANY SPECIAL, CONSEQUENTIAL, INCIDENTAL, INDIRECT, OR PUNITIVE DAMAGES RESULTING FROM ANY CLAIM (WHETHER IN CONTRACT, TORT, NEGLIGENCE, STRICT LIABILITY, OR OTHER THEORY) RELATED TO OR ARISING OUT OF THIS CONTRACT, NO MATTER THE FORM OF THE CLAIM AND EVEN IF THE PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

The County and the Authority may only use Confidential Information in pursuit of their business relationship with the Company. The Company reserves the right to control and approve the method, manner and content of any and all Confidential Information. Except as provided below, the County and the Authority will not disclose Confidential Information to anyone without the Company’s prior written consent. The County and the Authority will take all reasonable measures to avoid disclosure, dissemination or unauthorized use of Confidential Information, including, at a minimum, those measures they take to protect their own confidential information of a similar nature. The County and the Authority will restrict the possession, knowledge, and use of Confidential Information to each of its employees, consultants, or officials who (i) has a need to know the Confidential Information, and (ii) is legally obligated to protect the Confidential Information to the same or greater degree as required under this Section. The County and the Authority will ensure that its employees, consultants, or officials comply with this Section. The County and the Authority may disclose Confidential Information as required to comply with applicable public disclosure or open records laws or as otherwise required to comply with orders of governmental entities that have jurisdiction over them or by law. Prior to making any such disclosure, however, the County or the Authority will (i) provide prompt written notice to Company of the need for such disclosure together with a copy of the materials and information it intends to disclose, and Company shall have one (1) business day before such disclosure is due pursuant to Va. Code § 2.2-3700, et seq., as may be extended by Va. Code § 2.2-3700, et seq. from the County or the Authority, to review and approve such materials or to allow the Company to seek a protective order or other remedy (except to the extent that the County’s or the Authority’s compliance would cause it to violate the public disclosure or open records laws, applied in good faith and in consultation with legal counsel)); (ii) consult with Company on the advisability of taking steps to resist or narrow such disclosure; (iii) cooperate with Company in any attempt that Company may make to obtain

an order or other reliable assurance that confidential treatment will be accorded to such documents and materials; and (iv) disclose only such information as is required. Should the County and/or the Authority receive any public records request implicating the Confidential Information, the County and the Authority will (i) promptly notify Company in writing of the request and provide Company with copies of all relevant documents related to the request; (ii) cooperate with Company in asserting any applicable exemptions from disclosure under the Virginia Freedom of Information Act, including, but not limited to, the proprietary records and trade secrets exemption provided by Va. Code § 2.2-3705.6(3); and (iii) allow Company to take any and all actions it deems necessary and appropriate to protect its Confidential Information, including, but not limited to, intervening in any legal proceedings related to the disclosure of the Confidential Information. For the avoidance of doubt, this Section does not limit the County's ability to publish an annual report as required by law or generally accepted principles of government accounting. Without limiting the foregoing, Company will manage all media and press relation services regarding Company's involvement with the County and the Authority. The County and the Authority acknowledge and understand that the unauthorized disclosure of any Confidential Information would be extremely prejudicial to Company. This prohibition of disclosure of Confidential Information shall survive the termination of this Agreement. Any breach by the County or Authority of any provisions of this Section shall entitle Company to terminate this Agreement and, without prejudice to any rights and remedies as may be available to Company at law or in equity by reason of such breach, Company shall be entitled to equitable relief including an injunction.

9.4.2 Partial Waiver. For the purposes of verifying the accuracy of reports, and for no other purpose, the Company hereby waives its protections under Section 58.1-3 of the Code and authorizes the Commissioner of the Revenue and Treasurer for Botetourt County, Virginia, to provide verification of the amount of personal property taxes paid and the returns for personal property taxes to the County and the Authority from their records; provided, however, that such disclosure shall not waive the protections of Section 58.1-3 as to any other person, nor authorize the County or the Authority to disclose such information to any other person.

9.5 Independent Contractors. The Parties hereto are independent contractors and are not agents, partners, or joint venturers. No Party shall have the ability to bind another to any contract with a third party and no Party shall hold itself out to any third party as having the right to bind another Party to any contract.

9.5 No Covenants of Officials. No provision of this Agreement shall be deemed a covenant, agreement, or obligation of any present or future, director, officer, employee, or agent of the Company, Authority or the County in his or her individual capacity, and neither County officials, directors of the Authority, nor members of the Company, nor any officer, employee, or agent thereof executing this Agreement or any related instrument shall be liable personally on this Agreement or on such instrument or be subject to any personal liability by reason of the execution and delivery thereof. No director, officer, employee, or agent of the Company, the Authority or the County shall incur any personal liability with respect to any other action taken by him or her pursuant to this Agreement or the Industrial Development and Revenue Bond Act or any of the transactions contemplated hereby or thereby, provided he or she acts in good faith.

9.6 Covenant of Authority. All Parties warrant that the signatories below have full authority, and have undertaken such legal actions as may be necessary to ensure such authority, to bind the entities of which they are representatives to the full extent permitted by law. Company agrees that, during the term of this Agreement, it shall not allow its corporate existence to lapse or its certificate of authority in the Commonwealth of Virginia to be revoked or cancelled at any time.

9.7 Time of the Essence. Time is of the essence of all obligations set forth herein for which a time is stated.

9.8 Waiver. The failure or delay of any Party to this Agreement to insist upon strict compliance with any term herein shall not be construed to be a waiver of that requirement.

9.9 Intentionally Omitted.

9.10 Integration. This Agreement, including the exhibits hereto, constitutes the full and complete agreement of the Parties respecting its subject matter, and any prior or contemporaneous agreements or understandings, whether written or oral, are hereby merged into and superseded by the provisions of this Agreement. This Agreement may only be amended or supplemented by a subsequent writing of equal dignity except where expressly set forth herein.

9.11 Attorney's Fees. The Parties agree that, except as specifically provided in this Agreement, if any Party pursues legal action to enforce the terms of this Agreement, the American Rule shall apply and each Party shall bear its own attorneys' fees and expert costs and no fee shifting shall occur.

9.12 Choice of Law. This Agreement shall be construed in accordance with the laws of the Commonwealth of Virginia, without giving effect to its principles of conflicts of laws.

9.13 Sovereign Immunity. Nothing in this Agreement is intended to waive, or shall be construed to waive, the sovereign immunity of the Authority or the County.

9.14 Counterparts. This Agreement may be executed in several counterparts, each of which shall be an original, and all of which together constitute one and the same instrument. Electronic signatures are permitted in accordance with the Virginia Uniform Electronic Transactions Act.

9.15 Easement Relocation. The County and the Authority shall reasonably cooperate with Company in respect to the relocation of any existing easements, including, without limitation, those held by third parties as necessary in connection with the development of the Facility.
